Note No. 013

TRANSPORT & MASS TRANSIT DEPARTMENT
GOVERNMENT OF SINDH

Karachi, Dated: 3rd October, 2022

NOTE FOR MINISTER, TRANSPORT & MASS TRANSIT

SUBJECT: APPROVAL FOR REQUISITION OF SERVICES OF MR. ENGR. PARVEZ ALI BHUTTO, DIRECTOR WORKS & SERVICES SIMU, KARACHI.

The Sindh Mass Transit Authority, Transport & Mass Transit Department, Government of Sindh has envisaged various BRT Development Projects i.e. Orange Line, Yellow Line, Construction of Bus Terminals and Sindh Intra District Peoples Bus Service Project.

2. For the purpose of achieving aforementioned objectives, sustainable capacity building of SMTA is mandatory. At present, SMTA is working almost without any required technical expertise therefore, relying on the services of consultants, PMUs etc. Moreover, shortage of administrative staff has been creating hurdles in smooth functioning of the official business.

3. In this regard, Administrative Department has also approached Services General Administration & Coordination Department, GoS for posting of regular cadre officers be filled in SMTA (annexure A).

4. It is, therefore, proposed Services of Mr. Engr. Parvez Ali Bhutto, Director Works & Services Sindh Madressat-ul-Islam University (SIMU) Karachi may be requisite for Sindh Mass Transit Authority, TMSTD against post of Director (Bus Operations & ITS), Sindh Mass Transit Authority.

SUBJECT: REQUISITION FOR POSTING OF MR. ENGR. PERVEZ ALI BHUTTO,
DIRECTOR WORKS & SERVICES, SINDH MADRESSAT-UL-ISLAM,
UNIVERSITY (SIMU).

I am directed to refer to your letter No.SOI(SGA&CD)1-287/2022 dated 17th October, 2022 on the subject noted above and to state that as per approved organogram SMTA has (03) Directors and (03) Director posts in Project Management Team of Karachi Mobility Project BRT-Yellow Line as per PC-1 positions. At presently only (01) Directorate is filled that too on contract whose contract period will expire in December, 2022. Non-availability of senior officers in SMTA is seriously hampering work supervisions of Mega Projects. The concerned said officer is relevant to the works which are being undertaken by ^{the authority} department along with his experience, qualification as per requirement is recruitment rules of the authority (**Annexure A**).

In this regard, it is requested the services of **Mr. Engr. Pervez Ali Bhutto, Director Works & Services, SIMU** may be placed at the disposal of Sindh Mass Transit Authority, Transport & Mass Transit Department, Government of Sindh for further posting as Director Bus Ops. & ITS ^(want post) as per his qualification, experience/expertise in SMTA in the interest of Government work.

CONFIDENTIAL

Designation / Position	Managing Director	
	Sindh Mass Transit Authority, Transport & Mass	
Department / Division	Transit Department, Government of Sindh	

Part A: Information on the Applying Organization

(to be confirmed by the head of the department / division)

1. Profile of Organization

1) Name of Organization:

Sindh Mass Transit Authority, Transport & Mass Transit Department, Government of Sindh

2) The mission of the Organization and the Department / Division:

Mission:- To deliver and manage this integrated mass transit system, catering to the needs of the ever expanding travelling public and helping Karachi become a world class city.

Vision:- is to move people – not just vehicles – by providing a mass transit system for Karachi, and ultimately the province of Sindh, that is efficient, sustainable both economically and environmentally, and allows all those who need, or want to travel, to do so affordably, safely and with dignity.”

Objective:- Established in November 2017 for the purpose of, inter alia, planning, coordinating, constructing, developing, operating, maintaining, monitoring and regulating mass transit systems in the province of Sindh and carrying out all ancillary functions thereto for providing safe, efficient, comfortable, affordable, sustainable and reliable forms of mass transit systems.

2. Purpose of Application

1) Current Issues: Describe the reasons for your organization claiming the need to participate in Knowledge Co-Creation Program (KCCP), with reference to issues or problems to be addressed.

The SMTA is responsible for developing and managing the mass transit system in Sindh Province, Pakistan. This includes the Karachi Mobility Project, which is a major initiative to improve public transportation in Karachi. The SMTA is facing a number of challenges in implementing this project.

The KCCP would provide the SMTA with access to Japanese expertise and knowledge in the field of mass transit. This would help the SMTA to overcome the challenges it is facing and to implement the Karachi Mobility Project successfully.

The KCCP would also provide the SMTA with an opportunity to learn from the experiences of other countries that have implemented successful mass transit systems. This would help the SMTA to develop a mass transit system that is tailored to the specific needs of Sindh Province.

2) Objective: Describe what your organization intends to achieve by participating in KCCP.

To gain access to Japanese expertise and knowledge in the field of mass transit. This would help the SMTA to overcome the challenges it is facing in implementing the Karachi Mobility Project and to develop a mass transit system that is tailored to the specific needs of Sindh Province.

To learn from the experiences of other countries that has implemented successful mass transit systems. This would help the SMTA to develop a mass transit system that is efficient, reliable, and affordable.

To build relationships with Japanese experts and organizations. This would help the SMTA to access Japanese expertise and knowledge in the future.

To learn about Japanese culture and society. This would help the SMTA to better understand the context in which Japanese mass transit systems operate.

To promote cooperation between Japan and Pakistan. This would help to strengthen the relationship between the two countries.

The SMTA believes that by participating in the KCCP, it will be able to achieve these objectives and improve the mass transit system in Sindh Province.

3) Future Plan of Actions: Describe how your organization shall make use of the expected achievements, in addressing the said issues or problems.

The SMTA will use the knowledge and expertise gained from the KCCP to develop a more detailed plan for the Karachi Mobility Project. This plan will take into account the specific needs of Sindh Province and the lessons learned from other countries that have implemented successful mass transit systems.

The SMTA will use the KCCP to build relationships with Japanese experts and organizations. These relationships will help the SMTA to access Japanese expertise and knowledge in the future, as well as to promote cooperation between Japan and Pakistan.

The SMTA will use the KCCP to raise awareness of the importance of mass transit in Sindh Province. The SMTA will do this by conducting public awareness campaigns and by working with other stakeholders to promote the development of mass transit in Sindh Province.

The SMTA will use the KCCP to improve its capacity to plan, develop, and manage mass transit systems. The SMTA will do this by providing training to its staff and by developing new procedures and guidelines.

The SMTA believes that by making use of the expected achievements from participating in the KCCP, it will be able to address the challenges it is facing in implementing the Karachi Mobility Project and to improve the mass transit system in Sindh Province.

4) Selection of the Nominee: Describe the reason(s) the nominee has been selected for the said purpose, referring to the following view points; 1) Course requirement, 2)

Capacity /Position, 3) Plans for the candidate after the KCCP, 4) Plan of organization and 5) Others.

Engr. Parvez Ali Bhutto has been selected as the nominee for the Knowledge Co-Creation Program (KCCP):

1. Course requirement:- The KCCP is a program that focuses on the development of mass transit systems. Engr. Bhutto has over 20 years of experience in the civil engineering field, with a focus on infrastructure development. He has a strong understanding of the challenges involved in planning, developing, and managing mass transit systems. He is also a highly skilled engineer with a proven track record of success.

2. Capacity /Position:- Engr. Bhutto is currently the Director (Infrastructure & Planning) at the Sindh Mass Transit Authority (SMTA). This is a senior position that requires a high level of experience and expertise. Engr. Bhutto is well-qualified for this position and has a proven track record of success in managing complex projects.

3. Plans for the candidate after the KCCP:- Engr. Bhutto plans to use the knowledge and expertise gained from the KCCP to improve the mass transit system in Sindh Province. He plans to work with the SMTA to develop a more detailed plan for the Karachi Mobility Project and to build relationships with Japanese experts and organizations. He also plans to raise awareness of the importance of mass transit in Sindh Province and to promote cooperation between Japan and Pakistan.

4. Plan of organization:- The SMTA has a plan to use the KCCP to improve its capacity to plan, develop, and manage mass transit systems. This plan includes providing training to staff and developing new procedures and guidelines. Engr. Bhutto will be a key part of this plan and will help to ensure that the SMTA is able to achieve its objectives.

5. Others:- In addition to the above reasons, Engr. Bhutto has been selected as the nominee for the KCCP because he is a highly motivated and dedicated individual. He is also a team player with excellent communication and leadership skills. These qualities will be essential for Engr. Bhutto to be successful in the KCCP and to contribute to the development of the mass transit system in Sindh Province.

¹ Good: Conversational accuracy & fluency in a wide range of situations: discussions, short presentations & interviews. Compound complex sentences. Extended essay formation.

¹ Fair: Broader range of language related to expressing opinions, giving advice, making suggestions. Limited compound and complex sentences & expanded paragraph formation.

¹ Poor: Simple conversation level, such as self-introduction, brief question & answer using the present and past tenses.

5. Expectation on the applied KCCP

1) Personal Goal: Describe what you intend to achieve in the applied KCCP in relation to the organizational purpose described in Part A-2.

My personal goals for the Knowledge Co-Creation Program (KCCP) in relation to the organizational purpose described:

Gain a deeper understanding of the Japanese approach to mass transit planning and development. This will help me to improve my own skills and knowledge in this area and to contribute to the development of the mass transit system in Sindh Province.

Build relationships with Japanese experts and organizations. This will help me to access Japanese expertise and knowledge in the future and to promote cooperation between Japan and Pakistan.

Learn about Japanese culture and society. This will help me to better understand the context in which Japanese mass transit systems operate.

Contribute to the development of the KCCP program. I am passionate about the development of mass transit systems and I believe that the KCCP is a valuable program. I would like to contribute to the program by sharing my knowledge and experience and by helping to promote the program to other potential participants.

I believe that these goals are aligned with the organizational purpose of the KCCP, which is to "promote cooperation between Japan and Pakistan in the field of mass transit planning and development." I am confident that I can achieve these goals and that I can make a positive contribution to the program.

2) Relevant Experience: Describe your previous vocational experiences which are highly relevant in the themes of the applied KCCP. (required)

Here are my previous vocational experiences that are highly relevant to the themes of the applied KCCP:

Director (Infrastructure & Planning) at the Sindh Mass Transit Authority (SMTA): In this role, I have been responsible for the planning, development, and management of the mass transit system in Sindh Province. This includes the Karachi Mobility Project, which is a major initiative to improve public transportation in Karachi. I have a deep understanding of the challenges involved in planning, developing, and managing mass transit systems. I have also worked with Japanese experts and organizations on a number of projects, which has given me a valuable insight into the Japanese approach to mass transit planning and development.

Project Manager at Osmani & Co Pvt. Ltd: In this role, I was responsible for the management of a number of infrastructure projects, including the development of an area of 11,640 acres in DHA City Karachi. This included the development of road networks, stormwater drainage, sewerage networks, water supply systems, and electrical systems. I

have a proven track record of successfully managing complex projects.

Resident Engineer (Infrastructure) at Min Consult Intl, Malaysia: In this role, I was responsible for the management of a road construction project from Qilia Saifulla to Zhob. This included the construction of 150 kilometers of road, 19 bridges, and drainage works. I have experience in working with Japanese experts and organizations on infrastructure projects.

I believe that my previous vocational experiences have given me the knowledge, skills, and experience that are essential for the KCCP. I am confident that I can make a positive contribution to the program and that I can help to achieve its goals.

3) Area of Interest: Describe your subject of particular interest with reference to the contents of the applied KCCP. (required)

My areas of particular interest with reference to the contents of the applied KCCP:

- Sustainable mass transit: I am interested in the development of sustainable mass transit systems. This includes systems that are environmentally friendly, energy efficient, and affordable. I believe that sustainable mass transit is essential for the future of cities and I am eager to learn more about how to develop these systems.
- Public-private partnerships: I am interested in the use of public-private partnerships (PPPs) in the development of mass transit systems. PPPs can be a valuable tool for financing and delivering mass transit projects. I am eager to learn more about how PPPs can be used to improve the mass transit system in Sindh Province.
- Transit-oriented development: I am interested in the concept of transit-oriented development (TOD). TOD is a planning approach that integrates land use and transportation. This means that TOD projects are designed to make it easy for people to walk, bike, or take public transit to their destinations. I believe that TOD is a promising approach to improving the livability of cities and I am eager to learn more about how to implement TOD projects in Sindh Province.

In addition to these areas of interest, I am also interested in the following topics:

- The role of mass transit in reducing traffic congestion: I believe that mass transit can play a significant role in reducing traffic congestion. I am interested in learning more about how mass transit can be used to reduce traffic congestion in Sindh Province.
- The impact of mass transit on air quality: I believe that mass transit can have a positive impact on air quality. I am interested in learning more about how mass transit can be used to improve air quality in Sindh Province.
- The social benefits of mass transit: I believe that mass transit can have a number of social benefits, such as reducing poverty and improving access to education and employment. I am interested in learning more about the social benefits of mass transit and how these benefits can be maximized.

I believe that these areas of interest are relevant to the contents of the KCCP. The KCCP will provide me with the opportunity to learn more about these topics and to share my knowledge and experience with others. I am confident that I can make a positive

Japan International Cooperation Agency

CONFIDENTIAL

contribution to the program and that I can help to achieve its goals.

***6. Declaration (to be signed by the Nominee) (required)**

I certify that the statements I have made in this form are true and correct to the best of my knowledge. If accepted for the program, I agree:

- (a) not to bring or invite any member of my family (except for a program whose period is one year or more),
- (b) to carry out such instructions and abide by such conditions as may be stipulated by both the nominating government and the Japanese Government regarding the program,
- (c) to follow the program, and abide by the rules of the institution or establishment that implements said program,
- (d) to refrain from engaging in political activity or any form of employment for profit or gain,
- (e) to return to my home country at the end of the activities in Japan on the designated flight schedule arranged by JICA,
- (f) to discontinue the program if JICA and the applying organization agree on any reason for such discontinuation and not to claim any cost or damage due to the said discontinuation.
- (g) to consent to waive any copyright holder's rights for documents or products produced during the project, against duplication and/or translation by JICA, as long as they are used for the purposes of the program.
- (h) to approve the privacy policy and the copyright policy mentioned in the Guidelines of Application.

JICA's Information Security Policy in relation to Personal Information Protection

■ JICA will properly and safely manage personal information collected through this application form in accordance with JICA's privacy policy and the relevant laws of Japan concerning protection of personal information and take protection measures to prevent divulgence, loss or damages of such personal information.

■ Unless otherwise obtained approval from an applicant itself or there are valid reasons such as disclosure under laws and ordinances, etc., and except for the following 1.-3., JICA will neither provide nor disclose personal information to any third party. JICA will use personal information provided only for the purposes in the following 1.-3 and will not use for any purpose other than the following 1.-3 without prior approval of an applicant itself.

1. To provide KCCP to the participants from developing countries.
2. To provide KCCP to the participants from developing countries under the Citizens' Cooperation Activities.
3. In addition to 1. and 2. above, if the government of Japan or JICA determines necessary in the course of technical cooperation.

(i) to follow the Term of Use for the Online KCCP shown in the JICA Website :

https://www.jica.go.jp/english/out_worktypes_of_assistance/tech/acceptance/training/index.html

(j) to observe Japanese laws and ordinances during my stay, if I violate Japanese laws and ordinances, I will return the total amount or a part of the expenditure required for the KCCP depending on the extent of the violation.

(k) to understand that JICA does not assure issuance of Japan entry visa even after JICA decide to accept me. I understand the Embassy of Japan will decide it according to necessary formalities upon the submission of visa application from each participant.
